Looking for a peaceful Northern Michigan getaway? This charming cottage is just a short walk to hundreds of acres of State Land and has easy access to miles of trails. The home includes part of the original log cabin with a 8x8 front deck, plus a two-bedroom addition with wood flooring, a large full bathroom with shower and closet. The open living room features knotty pine walls, a vaulted ceiling, and an electric fireplace for cozy evenings. Recent updates include PEX plumbing in 2018 along with the remodeled bathroom, a 5 well in 2017, and a newer shingled and rubber roof about 2 years ago. The cottage sits on a pie-shaped lot north of town and comes with a 7x8 storage shed, fire pit, and is mostly furnished, except for the following items: (queen bed & mattress set, patio set & umbrella), just move in and enjoy!
